Welcome

Original Medicare is good coverage, but it was never designed to cover everything. Often, people with Original Medicare Parts A and B want additional coverage for things that aren't covered by Medicare, such as deductibles and coinsurance. Medigap plans were intended for just that purpose—to supplement Medicare coverage, providing you with a more complete health care package.

This booklet explains the benefits of Medigap plans, and more specifically, the benefits of Regence Bridge Medigap Plans. Because we offer a wide range of coverage options, we are confident you'll find a plan that suits both your health and financial needs.

Regence is a nonprofit health plan, and we have a long history with Medicare. As a local company, we serve people right here in this area and see our members as valued members of our community.

With a Regence Medigap plan you get:

- Help paying eligible expenses not covered by Medicare
- Free fitness membership*
- Toll-free access to a nurse 24/7*
- Secure members-only website*
- Discounts on health-related products and services*

Choosing a Medigap plan that's right for you

When it comes to choosing a Medigap plan, there's a lot to think about. We're here to make it easy.

That's why we're committed to helping you through the entire process. We'll help you identify your needs, review your options and answer your questions while you fill out your paperwork. Then, when you become a member, we're here to answer your claims questions and give you the information you need to make the health care decisions that are right for you.

To see which plan will fit you best, first determine what you need. Do you have a chronic condition that requires frequent doctor visits? If so, **Plan F** or **G** may be a good choice for you, as they both cover Part B excess charges.

If you rarely need care, **Plan A** might be all you need. Or, you might want to take a look at **Plan K**, which has a lower premium but greater cost-sharing. If you travel outside the United States on a regular basis, **Plans C, F, G and N** cover foreign travel emergencies.

As you think about what plan to choose, take a look at your past medical bills to see what kind of costs you might have in the future. Or, give one of our Medigap sales representatives a call. You can also call your insurance producer.

With **all** our Medigap plans, you have total control over your choice of providers. There are no network restrictions or referrals needed, so you can see any provider who accepts Medicare coverage.

**These programs are not insurance and may be changed or discontinued at any time.*

Regence Medigap Bridge options

Regence offers Medigap Plans A, C, F, G, K and N. All Medigap plans offer the same “basic benefits”: Medicare Part A coinsurance; Medicare Part B coinsurance/copays; the first three pints of blood; and hospice care coinsurance/copays. Please note that Plan K covers many benefits at 50% and also has an out-of-pocket annual limit.

The basic benefits cover some of the health care costs that can escalate and become a financial burden. These benefits are meant to supplement Medicare coverage, providing you with a more complete health care package. If you want more coverage than the basic benefits, all of the plans except Plan A have additional benefits.

The chart below gives you a quick look at the plans and benefits. Check marks or amounts indicate the benefit is provided in that plan. Immediately following the chart is an explanation of the benefits.

What does each Medigap benefit cover?

Basic benefits—offered in all plans

Medicare Part A (inpatient hospital)

coinsurance—This is the amount you may have to pay after you meet the Part A deductible. The Part A deductible is explained below.

Medicare Part B (medical services)

coinsurance—This is the percentage of the Medicare-approved amount you may have to pay after you meet the Part B deductible.*

Blood—Medigap plans cover the first 3 pints each year.*

Hospice care coinsurance/copays—You must meet Medicare’s requirements for hospice, including a doctor’s certificate of terminal illness.*

Additional benefits— offered by some plans

Medicare Part A deductible (Plans C, F, G, K* and N)—When hospitalized, you’re required to pay a Medicare Part A deductible before Medicare begins to pay for any covered services. In 2018 the Part A deductible is \$1,340.** The deductible is required once per benefit period. A benefit period begins the day you’re admitted to a hospital or skilled nursing facility. It ends when you haven’t received any inpatient hospital care (or care in a skilled nursing facility) for 60 days in a row. If you go into a hospital or a skilled nursing facility after a benefit period has ended, a new benefit period begins and you’ll be required to pay the Part A deductible again.

Skilled nursing facility coinsurance

(Plans C, F, G, K* and N)—You share a portion of skilled nursing facility expenses with Medicare. Your share of the cost is called your “coinsurance.” There is no coinsurance for the first 20 days of a benefit period. For days 21–100 of a benefit period the coinsurance is \$167.50** per day.

Medicare Part B deductible (Plans C and F)—

Medicare Part B pays for many physician services and other medical care. However, before Medicare begins to pay for services each year, you have to pay the Medicare Part B deductible. In 2018 the Part B deductible is \$183.**

Medicare Part B excess charges (Plans F and G)—

Sometimes you may receive Medicare Part B services from a doctor or provider who does not accept Medicare Assignment. This means the doctor may charge more for medical services than Medicare will pay. This extra amount is called “excess charges.” Plans F and G cover Part B excess charges for Medicare-eligible expenses.

Foreign travel emergency (Plans C, F, G and N)—

In most cases, Medicare doesn’t pay for care provided outside the United States. During a trip to a foreign country, you may need emergency hospital, physician or medical care. If you receive medically necessary emergency care for an illness or injury that begins during the first 60 days of a trip and your care isn’t covered by Medicare, then you pay the first \$250 (once every calendar year) for Medicare-eligible expenses. Once you’ve paid this amount, your Medigap plan pays 80% of the billed charges for Medicare-eligible expenses up to a lifetime maximum of \$50,000.

*PLEASE NOTE: Plan K covers 50% of the charges and you cover 50%.

**This amount is for 2018 and may change in 2019.

Frequently asked questions

When will my coverage be effective?

If you meet eligibility requirements and your application is accepted, your coverage will usually begin on the first day of the following month, unless otherwise indicated.

How do I begin to receive care under this plan?

Simply show your member ID card to your health care providers so they know who to bill. That's it! In most cases, there's virtually no paperwork. When you enroll, you'll receive a new member welcome kit with additional information. You can also give us a call if you have any questions.

What happens if I'm traveling and am outside the service area?

Wherever you are in the United States you can receive care at any Medicare-approved provider or medical facility. In most cases, Medicare doesn't pay for care **outside** the United States.
