Section 1 – Introduction

This directory provides a list of Regence MedAdvantage + Rx Classic, Regence MedAdvantage + Rx Enhanced and Regence MedAdvantage Basic’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

As a member of our plan you are not required to select a Primary Care Provider (PCP). Some services have lower cost-sharing when delivered by a PCP. Our plan considers the following providers to be PCPs:

- General Practitioner
- Family Practitioner
- Geriatric Practitioner
- Gynecologist, Obstetrician/Gynecologist
- Internal Medicine Practitioner
- Nurse Practitioner
- Pediatrician
- Physician’s Assistant

The “network providers” listed in this directory have agreed to provide you with your health care, vision, and dental coverage. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers.

As a member of our plan, you may choose to receive care from out-of-network providers who participate in Medicare. Our plan covers services from both in-network and out-of-network providers, as long as the services are covered benefits and are medically necessary. If you use an out-of-network provider, your share of the costs for your covered services may be higher, except when receiving emergency and urgent care services. We cannot pay a provider who does not participate in Medicare.

It is best to ask an out-of-network provider to bill the plan first. If you have already paid for the covered services, we will reimburse you for our share of the cost for covered services. If an out-of-network provider sends you a bill that you think we should pay, you may send it to us for processing.

In certain areas of the United States, there are Medicare Advantage PPO plans participating in the BlueCross and BlueShield Association’s Blue Medicare Advantage PPO Network Sharing program. If you see one of these plan’s Medicare Advantage PPO network providers, you will pay in-network cost sharing. Please call Customer Service to find out if there are participating plans where you will be traveling.

Again, if you use an out-of-network provider, your share of the costs for your covered services may be higher, except when receiving emergency and urgent care services.
